

XTRAICE is announcing the launch of

X T R A I C E

XTRAICE Scientists and Sport Science experts have developed a surface which stands up to the challenging demand of Hockey and Figure Ice skating. *XTRAICE Sport*

Sport

“After having tested all synthetic ice producers in the market, we have identified only two who have a viable surface for figure skating. And of these two, XTRAICE Sport comes 1:1 to real ice and exceeds No. 2 by miles”

Rajko Wuste of Global Sports Consulting, Managing Director, Global Sport Consulting Germany

The office of Sport of the Federation of Switzerland considers *XTRAICE Sport* as premium surface and recommends *XTRAICE Sport* both for training and competitions.

What makes XTRAICE Sport the ultimate surface for Sport use?

1. XTRAICE Sport has unprecedented gliding ability

Gliding ability Test by GSC
